3. Use the information below to fill in the Venn Diagram. A survey asked people what alternative transportation modes they use. Then, determine:

- What percent of people only ride the bus?
- How many people don't use any alternate transportation?

30% use the bus

20% ride a bicycle

25% walk

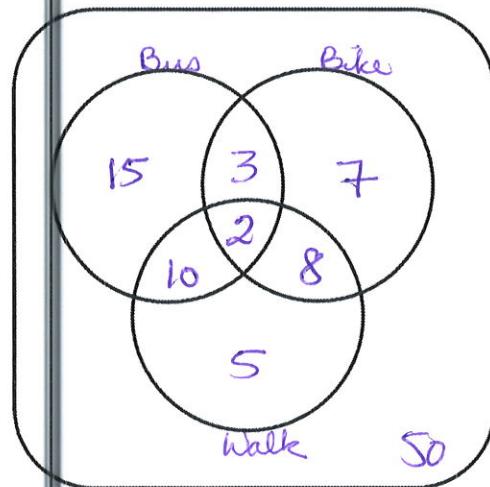

5% use the bus and ride a bicycle

10% ride a bicycle and walk

12% use the bus and walk

2% use all three

adds up to 100%

15% only ride bus

50% use none of these
